1	Kindly help us to understand the definition of “Number of Census Blocks” in schedule “C”. What is their purpose what do they signify	Schedule C of draft SSA	<p>Census blocks are the smallest census unit used in census 2017. One or more blocks define a mauza. Each block contains 200 – 250 houses.</p> <p>The information about number of census blocks can be downloaded from Pakistan Bureau of Statics web site. The link is as follows: http://www.pbs.gov.pk/content/block-wise-provisional-summary-results-6th-population-housing-census-2017-january-03-2018</p> <p>The information is provided in “Schedule C” to help the SP identify the Mauza and its population.</p>
