

Tender No: USF/OFC/BSD/NG-BSD-Proj/TechAudit/2021-3

Replies to the Bidders' Queries Batch-2

Issue Date :09 August 2021

S.No.	Queries	USF Response
1	<p>Ref TOR Clause 3 (c)</p> <p>Kindly allow us to calculate the reverification cost with a separate unit rate because Unit rate of Node audit is at higher side whereas the revisit is only specific to some snag that has been highlighted during audit activities ,</p> <p>so it is not logical & also USF will bear higher cost if we proceed with the same cost.</p>	<p>The emphasis here is the maximum cap of 15% on the number of reverification units and reverification cost.</p> <p>If a bidder wishes to quote a lower price than 15%, it is their choice. USF does not dictate unit prices to be adopted by any bidder.</p>
