Lot ID: NG-BSD/Lot40-Nankana Sahib/2021

Replies to Bidders' Queries Batch-08

Issue Date: 7th Feb, 2022

S.No	Queries	Document Ref:	USF Response
1	With reference to Schedule C of NG-BSD Nankana Sahib lot ,It is mentioned in that Cellular coverage will be restricted at 500m from international border. However 05 mandatory mauzas/blocks are found to be less than 500m from the International border.	Schedule C of Draft SSA	Mauzas that lie within 500 m of internation border have been categorized as optional and operators will ensure restricting the signal as per SOP issued by PTA/Secuirty Agencies .Schedule C has been updated and will be shared with registered bidders
2	With reference to Schedule C of NG-BSD Nankana Sahib lot ,the border is not so straight rather it progresses in a very zig zag manner (as shown below). Furthermore Sites in these will have to be planned away from the border thus it would be a great challenge to contain the coverage and overshoots are expected here.	Schedule C of Draft SSA	Operators are allowed to construct BTS site three(3) kilometer away from the international border/LOC and bidders must prepare compliant nominal plans which can cover maximum number of mauzas lying within 3 kms from International Border as per SOP/procedure applicable.
