<b>S. No.</b>	<b>Queries</b>	<b>Document Ref:</b>	<b>USF Response</b>
1	For OFC-UC-KP-LOT15, alternate paths for ring redundancy may not be available in some clusters along the mountains. Can both side of the same route be utilized for ring? Can existing fiber on diverse routes be utilized for creation of rings?	Schedule A of SSA	Ring redundancy is to be provided as per RFA. Service Provider may plan/design suitable Network using new/existing OFC to provide optical rings. In Lot15 existing optical fiber of PTCL and OFC of USF-KPK-Project is available outside USF area of this lot, and can be used to create ring redundancy.
