

**Replies to Bidder's Queries (Batch-2)**  
**Tender ID: USF/SP/OPTICFIBER/2024-25/01**

**9-April-25**

S. No.	Queries	Document Ref:	USF Response
1	We understand that BTS Fiberization scope includes extension of Fiber cable till BTS site under the responsibility of bidder. The connectivity of this Fiber cable with BTS and CMO's service migration from Microwave to USF Fiber will be done by respective CMO as per its own plans. Pls confirm this understanding.	Schedule C of SSA	Please refer to response to Query 7 of Replies to Bidder's Queries Batch-1.
2	With reference to USF requirements related to OLT and IPRAN equipment, given the communicated strict bidding timelines, please note that during the bidding stage we want to propose solution and products of multiple vendors with full compliance to USF technical requirements and vendor agnostic cost. The final deployment of a particular vendor / product will be decided and duly informed to USF before deployment stage while remaining within quoted cost. Pls confirm if this approach is acceptable for USF?	Annex 5 to RFA	Not acceptable, as the proposed technical solution is to be locked with the bidder as per the format of Bid already specified in the information package.
